YOUTH SUCCESS: THE CHANGE AGENT

Education is the single most influential factor in ensuring that children grow up to do as well or better than their parents. It also leads to higher incomes, healthier families, lower crime, a stronger workforce and a lifelong sense of self-worth and dignity.

That is why United Way of Santa Cruz County (UWSCC) provides a holistic approach in driving lasting change. By removing barriers that directly impact student success (like hunger, homelessness, financial instability or lack of adult mentoring), UWSCC is taking steps to break that cycle.

Prevention         Change

By focusing on prevention, as opposed to intervention, UWSCC believes it can change the course for future generations of children and families. That means pursuing a holistic solution and removing obstacles to education by:

• Preparing children to enter Kindergarten
• Increase youth proficiencies in English and Math
• Increase youth development, positive activities

All of these factors help children achieve their highest potential.

Students Improve

As they access programs supported by the United Way Community Investment Fund:

• Academic performance improved
• Ability to avoid delinquency improved
• Ability to get along with other youth improved
• Self confidence improved

FINANCIAL STABILITY: KNOWLEDGE IS POWER

At United Way of Santa Cruz County, our goal is simple: help individuals and families gain access to resources they need to stay afloat financially. We stand strong in building families to economic self-sufficiency, not having to forgo one basic need for another - such as housing, healthcare, childcare or food - due to lack of income.

Local employers benefit from a stronger, more skilled and crisis-resistant workforce. Communities benefit from safe neighborhoods, thriving businesses, and the general financial stability of residents. That is why United Way of Santa Cruz County is focused on helping individuals and families improve their financial stability.

OUR GOAL: Address the causes of financial instability through education and provide low-income individuals with support services to avoid crisis.

Prevention → Change
Focused on prevention, as opposed to intervention, United Way of Santa Cruz County is taking steps to change the course for future generations of children and families.

• Increase youth employment ages 16-24
• Increase use of Volunteer Income Tax Assistance
• Decrease housing evictions due to nonpayment - particularly for those enrolled in nonprofit, financial stability programs

Did You Know...

• 14% of children in Santa Cruz County are living in poverty
• Nearly one half of Santa Cruz County residents spend more than 30% of their take home pay on rent and housing costs
• Nearly 18% - The unemployment rate for Watsonville and the highest for our county
• 2-1-1- Real People, Real Answers-Real Help. In 2013 over 6,000 callers used the easy to remember- toll free number where a trained specialist matched needs to local services.

DEVELOPING HEALTHY CHILDREN & FAMILIES

The pathway to a healthy life varies based on individual challenges — and the determinants of well-being extend beyond medical care to social and economic factors. By addressing abusive and unsafe environments, promoting positive behavior and fostering supportive conditions at home and in the community, United Way of Santa Cruz County is committed to providing resources that local children and families need to thrive.

OUR GOAL: Encourage healthy beginnings & choices for children & families, while improving access to health care services & preventative education.

Prevention → Change
Focused on prevention, as opposed to intervention, United Way of Santa Cruz County is taking steps to change the course for future generations of children and families. That means pursuing a holistic solution and removing obstacles to improving health by:

• Increasing access to dental, mental and medical care for all
• Improving safe and healthy living environments
• Reducing obesity rates by 10%
• Increasing awareness and knowledge to promote health
